Subject: Draft Environmental Impact Statement ICO Haiku Stairs

Aloha and mahalo for the opportunity to submit input relating to the Draft Environmental Impact Statement relating to Haiku Stairs.

The board sincerely appreciates the extra effort taken by the Board of Water Supply to ensure all aspects of the stairs and the community are considered and documented and that a managed access plan option was vetted more fully.

In June 2017, the Kāne'ohe Neighborhood Board No. 30 resolved to support the reopening of Haiku Stairs if a managed access plan would be used and the neighbors of the upper Haiku Village residents were alleviated of the late night/early morning trespassers and accompanying noise.

The resolution remains in effect and the Kaneohe NB still supports a managed access plan option rather than removal.

Please continue to add the board as a consulting party for further discussion or action.

Sincerely,

A handwritten signature in black ink, appearing to read "mo", followed by a horizontal line.

Mo Radke, Chair  
Kāne'ohe Neighborhood Board No. 30

DEPT. COM. 247

Your position on the matter Oppose

Representing Organization

Organization Kaneohe Neighborhood Board

Written Testimony After a number of community meetings, input, shared expressions, passion on both side of the issue, the Kaneohe Neighborhood Board voted unanimously to support a resolution supporting reopening of the Haiku Stairs under a managed access plan and avoiding the residential neighbors affected by continued unauthorized access across their properties.
